

# VEHICLE RULES & REGULATIONS

1. Fuel in tanks shall not exceed one-eighth ( $1/8^{\text{th}}$ ) of a tank.
2. Vehicles shall not be fueled or defueled within the building.
3. One cable on the battery disconnected.
4. Fuel Tanks and fill openings shall be closed and sealed to prevent tampering. If fuel tank is locking with a key, OKAY. If not, fuel tank cover must be taped over.
5. Once parked inside on the show floor: unhook battery, tape off gas cap, and leave hood up for inspection. Keys must remain in the hall with Show Management.
6. NEW REQUIREMENT: WHEEL CHOCKS  
Place one at front left tire and right rear tire so it will not roll. I triangle (door stop) or piece of wood will work.
